No buildings were in the track of the flames and the only damage was to standing timber. The fire burned itself out about eight o'clock.

RESTORATION WANTED.

Fall River Textile Operatives Will Ask Manufacturers.

Fall River, Oct. 9.—The Fall River textile council at a meeting yesterday, voted to request the Manufacturers' association to restore the reduction of 12½ per cent in wages, which was made on July 25, 1904. Secretary Thomas Taylor of the council, was instructed to ask the association to make the advance on Monday, Oct. 23.

After the meeting, Secretary Taylor said that the sentiment expressed at the meeting was that the operatives, of whom there are nearly 30,000 in the cotton mills of Fall River, had shared the adversity experienced by the manufacturers and that as the cotton trade had reached a stage of prosperity, the employees should have some share in the improved conditions.

Brooded and Killed Himself.

Philadelphia, Oct. 9.—Heir to a fortune estimated at \$50,000 Frank Houghton, 32 years old, son of Charles W. Houghton, a wealthy physician, committed suicide yesterday by inhaling gas. After the death of his mother some months ago he became melancholy, and this, added to brooding over his unrequited love for Mrs. Horace Houghton, his sister-in-law, is said to have prompted the deed. Houghton was at one time engaged to a young woman who married his brother, and he had several times threatened to end his life. A few weeks ago a wealthy relative died, and Houghton's share of the estate, it is expected, was to have been \$50,000.
